Standard Features																																																																																	
>	Luxe Foam Power Bed with Power Ottomans																																																																																
>	15,000 BTU Gree AC with Heat Pump																																																																																
>	All-In-One Exterior Utility Bay																																																																																
>	Macerator Pump w/ Power Hose Reel																																																																																
>	Power Gate Valves for Grey & Black Tank																																																																																
>	Water Flush Hook-Ups for Grey & Black Tank																																																																																
>	Pressure & Fill Hookup for Fresh Tank																																																																																
>	Exterior Shower																																																																																
>	Full Ground Effects - AeroKit (Tube Steps Deletes AeroKit)																																																																																
>	Running Boards with Integrated Step & Tread																																																																																
>	Rear Facia with Hitch Cover																																																																																
>	Front Spoiler																																																																																
>	USB-C Charging Stations Throughout																																																																																
>	High Insulation Package																																																																																
>	LED Ceiling & Courtesy Lights																																																																																
>	Additional Painting																																																																																
>	Color Matching Rear License Plate Light Cover																																																																																
>	Color Matching Side Cladding on Black Coaches																																																																																
>	Smart Plug 30Amp Shoreline Hook-Up																																																																																
>	Diesel & Electric Powered Furnace & Tankless Water Heater																																																																																
>	17,000 BTUs on Diesel & 5,000 BTUs on Electric																																																																																
New Standard Features																																																																																	
>	Alpine Sound System w/Designated Sub and Fusion Radio																																																																																
>	Quiet Tech 2.5KW Propane Generator & 3000W Inverter																																																																																
>	Now w/ a 1080Ah (540Ah on MD2S) Lithium House Battery																																																																																
>	Starlink System and Router w/ Cellular Connect Remote																																																																																
>	Powered Rear Captains Chairs - 8 Way Operation																																																																																
>	Seat Heat & Massage on All Captains Chairs																																																																																
>	Front Alpine Cabin Speaker Upgrade																																																																																
>	Shower Miser Water Saving System in Shower																																																																																
>	Radius Overhead Side Cabinets																																																																																
>	Expanded Galley w/Storage (MD2 & MD2D Exclusive)
