

GRAND TOUR

WINNEBAGO

On the Cover: 45RL Merlot Traditional Full-Body Paint

45RL Black Tie with Glazed Java Cabinetry

Dream Big

If you can dream it, you can find it in the Grand Tour.® Outside, you'll love the new front and rear caps that complement premium full-body paint. Inside, bask in the beauty of quartz countertops and a Corian® shower surround. Kick off your shoes and soak up the warmth of the available heated floors. Or grab the wheel and feel the power of the

Maxum Chassis® as you sink into the Villa luxury cab seats covered in soft Ultraleather.™ Two floorplans provide you choices in lounge and galley layouts that are expertly crafted with the finest residential amenities and detailed finishes available in a motorhome. Dreams do come true in Winnebago's® flagship diesel coach: the Grand Tour.

2016 MotorHome
READERS' CHOICE
WINNER
Class A

45RL Black Tie with Glazed Java Cabinetry

The Grand Tour offers two magnificent living spaces from which to choose, featuring an extendable sectional sofa in the 42QL and a sofa/sleeper with an ottoman in the 45RL. The available sofa/dinette Super Lounge provides a stunning alternative in the 45RL offering a continuous transition from the sofa to dinette with a matching look and feel. The entertainment center has your digital cravings covered with a massive 4K UHD TV and multiple satellite and antenna options to pull in the channels you desire. The Blu-ray™ home theater system soundbar can be upgraded to a Premium Sound System in the lounge and bedroom. Turn up the heat with a standard fireplace and optional heated floors throughout the coach. Automation is everywhere with features such as powered MCD solar/blackout roller shades and a Dirt Devil® central vacuum system making everyday tasks that much more pleasant.

45RL MCD Solar/Blackout Roller Shades

45RL Cab Seats Reclined

45RL Galley

Designed to inspire your inner chef, the galley has what you need, where you need it, in a presentation befitting the Grand Tour name. The two-tiered quartz countertop provides next-level functionality and an elegant appearance with a complementary backsplash and bamboo cutting board/sink covers. Stainless steel gives the microwave/convection oven a cutting edge look to match its impressive ability to cook and brown at a quicker speed than a conventional oven. An induction range top and residential French door refrigerator/freezer round out your envy-inducing galley.

45RL Power Port

45RL Hutch Storage

45RL Bedroom

45RL Wardrobe

Welcome to the grand master suite. It has everything you'd expect in a flagship diesel coach, such as a powered king bed with an Ideal Rest® Natural Reserve digital comfort control mattress, a ceiling fan, and a roomy interior with full-size wardrobes. All this, and there is still room for surprises such as twin lavatory sinks and a Magic Mirror HDTV that transforms into a mirrored wall in the 45RL. Both models offer the BIG Shower with a Corian® surround and a clear glass door that is the perfect way to start your day.

Dash

Whether you're climbing hills, towing a vehicle, or both, the Cummins® ISL 8.9L, 450-hp turbo-charged diesel engine is up to the challenge. And with fully adjustable, powered Villa luxury cab seats, you will be, too. For added safety, rearview cameras, sideview cameras, and the Mobileye® Collision Avoidance System all come standard. Plan your next trip on the 10.4" touch screen Infotainment Center with Rand McNally RV GPS for safe and easy routing and turn-by-turn voice navigation. The system features two touch screens and controls for the radio, available SiriusXM® radio, and any Bluetooth® connected devices. Crank up the volume on the available Infinity 11-speaker Premium Cab Sound System.

GRAND TOUR Exterior

WINNEBAGO

People can't stop talking about the gorgeous exterior of the Grand Tour. It comes in four traditional and four contemporary full-body paint schemes to make your presence known. Thanks to the lowered-rail construction of the Maxum Chassis,[®] you'll have room for large items like golf clubs and bicycles, and an easy way to access them with a smooth-gliding slideout storage tray. The pull-out Tailgate Package comes standard with an induction range, refrigerator/freezer, water faucet, and more to bring the party outdoors. Add the exterior entertainment center and enjoy the HDTV and soundbar system with a subwoofer.

Fiberglass Roof The crowned, one-piece fiberglass roof is backed by a 10-year limited parts-and-labor roof skin warranty.

Thermo-Panel® Sidewalls By layering fiberglass and high-density block foam insulation with welded aluminum support structures, we create some of the industry's strongest, most durable and lightweight sidewalls.

E-Coating An electrodeposition coating helps protect critical steel components.

Embedded Steel Metal substructures embedded into the sidewall provide solid attachment points to keep cabinets and appliances mounted securely in place.

Laser-Cut Tubing Precision laser cutters create precise joints in structural steel that are stronger and require less welding.

Interlocking Joints Specially engineered interlocking joints connect the floor, sidewalls and roof where competitors often rely on simple screws to bear the weight.

Solid Framework Structural extruded aluminum creates an extremely strong and solid structural framework.

**SUPER
STRUCTURE**
BUILT TO LAST

Every coach—from our smallest Class C to our largest diesel-pusher model—is built to Winnebago's® legendary SuperStructure® construction design. It's a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.

TESTING

Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, our computer simulations, physical testing center, and rigorous test track ensure each model is built to last.

DETAILS

At Winnebago, we treat the features you can't see with the same care as the ones you can. Look in the access panels of some of our competitors' coaches and you'll see loose insulation and wires haphazardly strewn about. Winnebago maintains a clean fit and finish throughout so your coach will last for the long haul.

BUILT IN-HOUSE

We process and finish key aluminum parts. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

**SUPER
STRUCTURE**
BUILT TO LAST

 Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago motorhome.

TAKE A TOUR

We're proud of our processes, state-of-the-art facilities, and the people who make Winnebago number one. We invite you to visit our complex in Forest City, Iowa, for a firsthand look at the dedication and technology behind every motorhome we build.

Call (641) 585-6936 or (800) 643-4892 or visit us online at WinnebagoInd.com/company/visit for more information.

3-point engine mounting reduces engine vibration.

Engine compression brake uses the engine to slow the coach, promoting longer brake life.

15,000-lb. trailer hitch[®]

Allison[®] 3000 MH 6-speed automatic transmission includes a touchpad control for ease of use.

ZF[™] IFS front suspension and V-Ride[®] rear air suspension provide superior ride and handling.

MAXUM[®] CHASSIS

The lowered-rail design moves intrusive rails from storage areas, creating up to 210 cubic feet of storage.

Taller, pass-through storage height accommodates bulky items.

Up to a 60° wheel cut provides a tighter turning radius and better maneuvering.

Extra space in critical areas allows for more pass-through storage.

Rear axle incorporates proprietary gear machining for a smoother, quieter ride.

"Clean Air Diesel" 450-hp ISL Cummins[®] engine delivers hill-climbing power when you need it most.

Winnebago's SuperStructure integrated with the lowered-rail design creates a chassis that is seven times stronger than typical raised-rail chassis designs.

Dual-fill fuel tank.

Low frame rails create a lower center of gravity, improving stability.

Color-coded air lines make service easy.

Michelin[®] tires and polished aluminum wheels look sharp.

4-wheel ABS anti-lock air brakes provide fast stopping power.

A True Work of Art

You may not be able to see the Maxum Chassis as you're driving through the Rockies, but you'll know it's there. Its powerful Cummins turbo-charged diesel engine and Allison[®] transmission go to work so you don't have to sweat the peaks and valleys ahead.

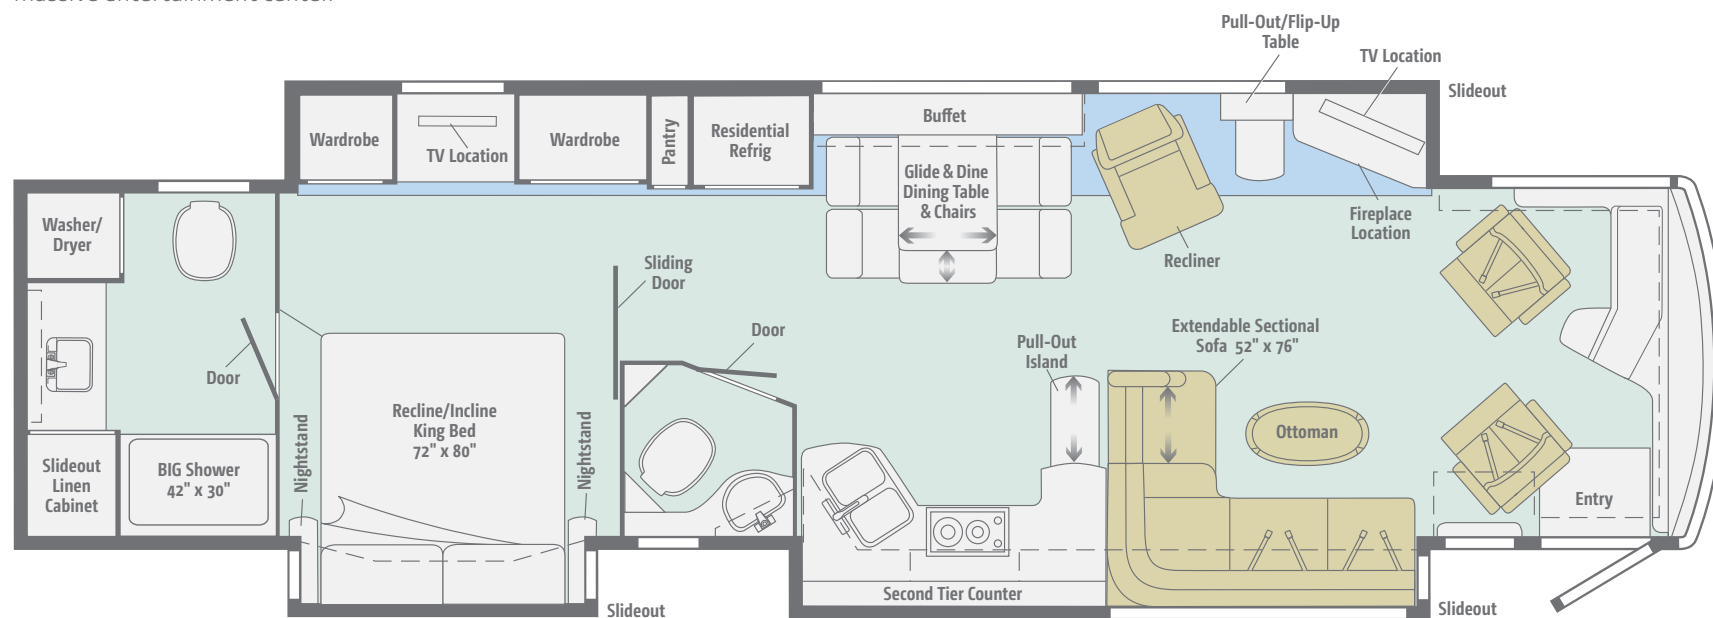

Through a strong partnership with Freightliner[®], the undisputed leader in diesel motorhome

chassis, we set a new standard for handling, ride and performance in diesel chassis design.

But performance doesn't mean sacrificing storage. The innovative lowered-rail design of the Maxum Chassis opens up a cavernous basement storage compartment, offering up to 210 cubic feet of storage.

42QL

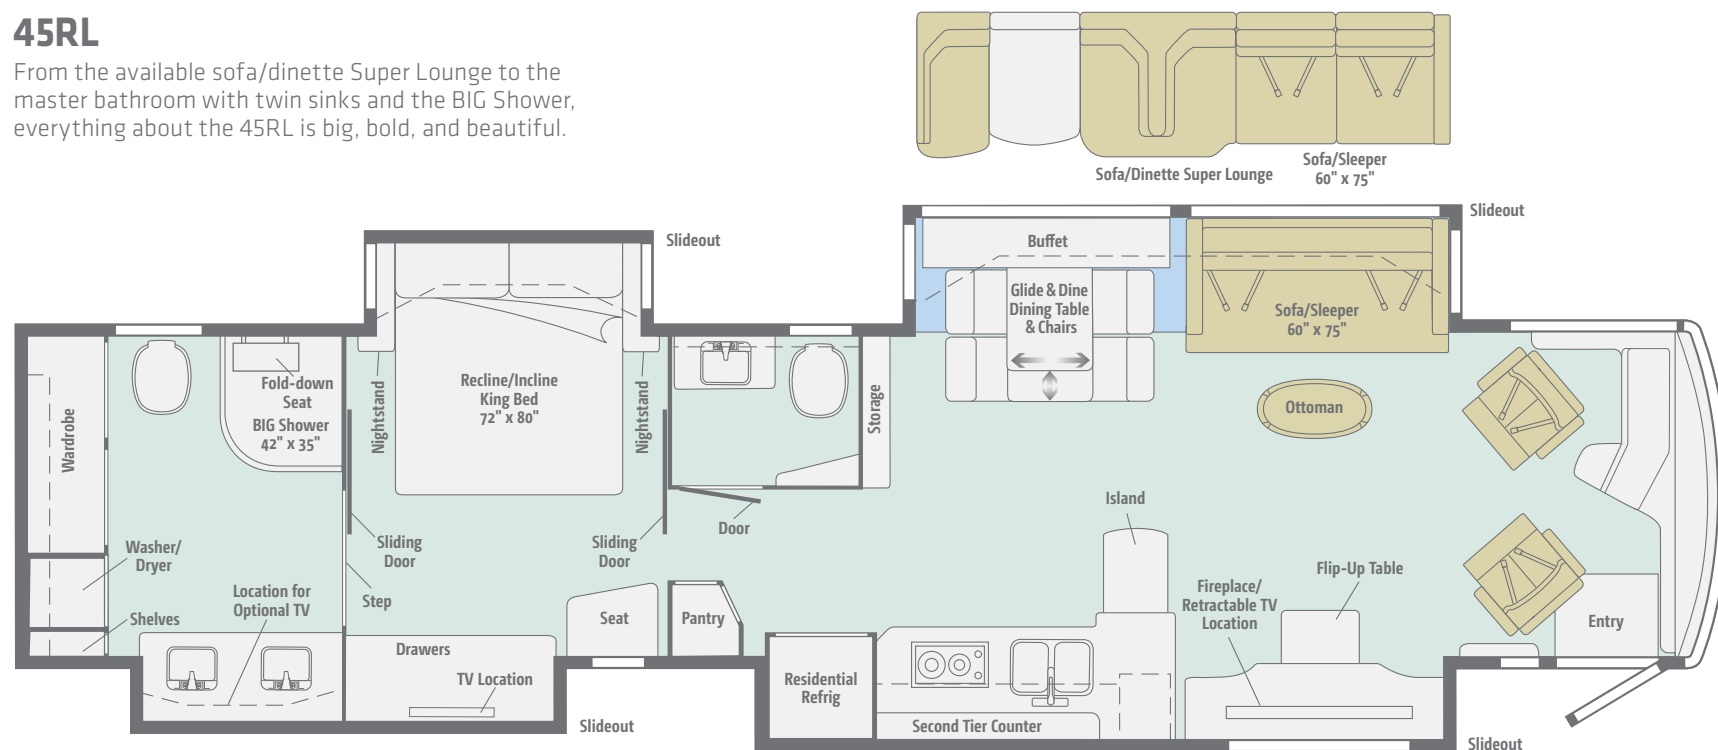

The 42QL greets you with the grand spectacle of a living room with an extendable sectional sofa, recliner, and massive entertainment center.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at WinnebagoInd.com.

45RL

From the available sofa/dinette Super Lounge to the master bathroom with twin sinks and the BIG Shower, everything about the 45RL is big, bold, and beautiful.

Daytime running lamps

Fog lamps

High-mount brake lamps

Warranty⁷

36-month/100,000-mile basic limited warranty⁸

10-year limited parts-and-labor warranty on roof skin⁸

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please check with your dealer for further information.
2. Floorplans feature a wide-body design - over 96" In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3. The load capacity of your motorhome is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motorhome.
4. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
7. See separate chassis warranty.
8. See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
