YOU WON'T JUST SEE THE DIFFERENCE. YOU'LL FEEL IT AND HEAR IT, TOO. The 2013 Allegro RED from Tiffin Motorhomes. All the cozy comforts of our popular Allegro model equipped with the mighty muscle of a rear engine diesel (RED). The results easily speak for themselves. More torque. More horsepower. More legroom. This year, Tiffin has enhanced the driving experience for better handling and more automotive drivability. While redesigned fixtures create a more efficient dash, the new chrome head side-view mirrors with built-in cameras improve driving safety. With a towing capacity of 5,000 pounds, the Allegro RED can easily pull a car or boat. Storage is plentiful, too. Space-saving cabinetry in the coach and up to 160 cubic feet of room underneath allow you to bring everything you need—and more.

WHY BUY A TIFFIN MOTORHOME?

No one invests more time and effort into the construction and engineering of motor homes than we do at Tiffin. To ensure superior quality, we design and make many parts ourselves, such as our roof cap, one piece of moisture-resistant molded fiberglass that prevents water intrusion and seamlessly seals a 5½" layer of formed insulation. Outside wall panels are gel-coated fiberglass over high performance thermal insulation. Underfoot, the vinyl tile floor is bonded to high-impact oriented strand board, which is secured atop thermal insulation and a woven moisture barrier material. Underneath it all, every model is built on an innerframe of durable, tubular aluminum. As a new coach comes off the line, we think the result speaks for itself: There isn't a more comfortable, better-built motor home on the road today.

10-YEAR LIMITED FRAME WARRANTY

We warranty the frame of the walls, floors, and roof for 10 years.

5-YEAR LIMITED SIDEWALL BOND WARRANTY

We warranty the sidewall against delamination between the outside fiberglass and the innerframe for 5 years.
