NO ONE OFFERS A BETTER WARRANTY

At Entegra Coach, we build our RVs to handle every adventure, then back them with our industry-leading 2+3 limited warranty. Our 2-year limited warranty has you covered for 2 camping seasons. That's 730 days. In addition, our 3-year structural limited warranty has you covered for 3 camping seasons or 1,095 days. You won't find a better limited warranty in the business, because the only strings we attach are those that deliver the ultimate in reliability. For a copy of our 2-year limited + 3-year structural limited warranty with complete terms and conditions, please contact your local Entegra Coach dealer.

THE QUIETEST RIDING, BEST HANDLING COACH ON THE MARKET TODAY. **PERIOD.**

HERE'S WHY

1. SPARTAN® CHASSIS

Every Spartan® chassis comes with a best-in-class 3-year/50,000-mile transferable warranty, with no deductibles. Spartan® chassis also boasts an industry-best, 20-year transferable warranty on the frame as well as a Cummins® 5-year/100,000-mile engine warranty and an Allison® 5-year/200,000-mile transmission warranty.

Included in the limited warranty is roadside assistance provided by Coach-Net®, which offers service/towing through 40,000 service and repair facilities in the U.S. and Canada for one year.

2. EXCLUSIVE X-BRIDGE™ FRAME

Our exclusive X-Bridge™ frame adds even more floor strength and structural rigidity, eliminating chassis flex and twisting; with it, the suspension—not the chassis—absorbs road shock and vibration.

3. TUFFSHELL™ VACUUM-BOND CONSTRUCTION:

Designed to increase strength and durability while simultaneously reducing weight, our TuffShell vacuum-bond lamination process is a superior construction process. Every sidewall, rear wall and slide room wall is bonded together for a minimum of 16 minutes under 144 tons of pressure to create the lightest, yet strongest, construction available in the RV industry.

4. BILSTEIN® MONOTUBE GAS PRESSURE SHOCKS

Designed specifically for luxury motorcoaches by Bilstein®, these shocks have 228% more surface area than twin-tube shocks for greater sensitivity and control. They virtually eliminate excessive sway and self-adjust.

5. TPMS WITH TEMPERATURE MONITORING:

Tire pressure monitoring systems are extremely valuable in monitoring tire health for a safe journey. Reatta and Reatta XL go a step beyond the competition by providing the ability to toggle between tire pressure and temperature monitoring on the digital dashboard.

6. INDEPENDENT FRONT SUSPENSION (IFS):

Reatta and Reatta XL are the only coaches in their class to feature IFS vs. standard I-beam suspension. This premium feature, reduces road shock and delivers the best ride in the industry.
