TIFFIN MOTORHOMES

2014

AMERICA'S FAVORITE MOTOR HOME BUILDER

MADE TO MOVE YOU.

ALLEGRO BUS 2014

The go-to model for folks who enjoy full-time life on the go.

ONE OF THE INDUSTRY'S TOP-SELLING DIESEL PUSHERS, the Allegro Bus is Tiffin's most popular model for those who enjoy the RV lifestyle full time. Designed for upscale residential living, the coach spoils you with elegantly appointed luxuries melded with practical comforts. Spacious hardly begins to describe the Bus's capacity, which affords owners storage for both extended excursions and room to host the biggest tailgate parties the parking lot has ever seen. A tremendous value when compared to other luxury diesel pushers, it's easy to see why the Allegro Bus has been described as "the closest thing yet to sensible extravagance."

COCKPIT

The starting point for choosing your own adventure.

The 2014 Allegro Bus is a Tiffin product from top to bottom, starting with its foundation, our acclaimed PowerGlide® chassis. Designed to integrate precisely with the coach body, the PowerGlide earns superior marks in the industry for its engineering, construction, and durability. It also gets rave reviews from Bus owners for its quiet ride, capable handling, and ability to tow heavy loads without complaint. Steering is nice and crisp, too, as independent front suspension gives the coach a 60-degree wheel cut for easy maneuvering in and out of tight spots.

COMMAND

Enjoy an easy, relaxed ride in the multi-position power captain's chair. A redesigned front cap puts the windshield 10 inches closer to the road, improving an already broad viewing area above the contemporary wraparound dash. Easy-to-read controls are thoughtfully placed in-dash and on the VIP Smart Wheel, granting drivers quick access to the coach's many features.

PERFORMANCE

Even at full capacity, the Allegro Bus coasts on highways, courtesy of a Cummins ISL engine delivering 450 HP/1250 lb torque. An Allison 3000 MH 6-speed automatic transmission maintains full control over weight distribution, even when towing up to 15,000 lb. A rear-mounted diesel engine means more power and more storage, freeing up to 180 cubic feet of basement space.

NAVIGATION

Driving aides are integrated throughout the coach, from rear/side cameras that help monitor traffic to an in-dash navigation system that functions as a virtual co-pilot. New this year is the optional Mobileye® camera and sensor system, which calls attention to unanticipated lane movements and objects in the road. This new feature is a helpful guide when parking, too.

FLOOR PLANS

Boundless options for the boundless minded.

At Tiffin Motorhomes, we listen to the most important voices in the RV industry when it comes to designing our coaches: Tiffin customers. This ongoing collaboration enables us to customize our layout each year to best suit your requests. For 2014, we offer four quadruple slide-out floor plans, each featuring our new SmartSlides™. A Tiffin innovation, the SmartSlide is a slide-out constructed from one piece of seamless fiberglass. As RV leaks are often caused by splits in the construction seams, eliminating these seams also eliminates any chance of water, wind, or noise intrusions.

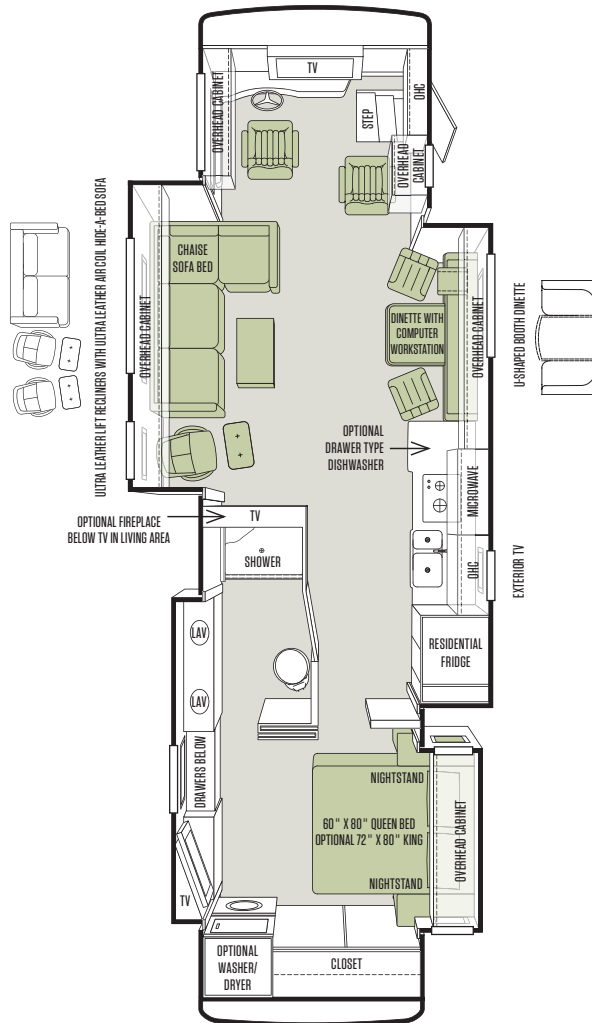

TIFFIN INNOVATION: EXTRAORDINAIRE™ AC SYSTEM

The interior ambiance in your Tiffin coach is enhanced by a state-of-the-art heating and cooling method, developed by Tiffin engineers for exclusive use in our luxury coaches. Modeled on residential-style systems, it uses adjustable registers and return vents placed the length of the ceiling to keep the airflow moving in a circular pattern to maintain your desired interior temperature. Whisper quiet and incredible efficient, it easily lives up to its name – Extraordinaire.

LIVING AREAS

Room for everybody. Space for everything.

At journey's end, the 2014 Allegro Bus welcomes you to a home that has been elegantly addressed. Tiffin's fine craftsmanship is present in every square inch, from the hand-laid porcelain tile floor to the handcrafted cherry wood cabinetry. Luxury is the décor of choice, as seen in the upscale comforts of Villa furniture, soft touch padded ceiling, designer LED lighting fixtures, or the option of heated floors throughout the coach. A Magnum pure sine wave inverter powers the name-brand appliances found in every Tiffin coach, including four Panasonic HD TVs and a home theater surround sound system.

EVERYBODY

With 7' ceilings and floor plans up to 45', the spacious 2014 Allegro Bus harbors your clan with room to spare. Prepare to be spoiled for choice with the number of layout and furniture options. New for this year is a 45' floor plan with an L-shaped chaise sofa/sleeper, perfect for hosting guests or family movie night. Opt for the fireplace to add a cozy ambiance. Or set up a home office with a computer workstation.

EVERYTHING

Living your entire life on wheels requires organization and storage, both in plentiful supply on the Bus. Inside, you'll find cabinets with adjustable shelves, drawers that open completely, and cleverly placed compartments. Underneath, a full pass-through basement provides an additional 180 cubic feet of cargo space for easier access. Once everything is packed, lock it safely away behind Tiffin-built heavyweight exterior doors.

TIFFIN STORE-IT-ALL™ ASSURANCE

Rest assured, this Tiffin coach will surpass a competitor's model of equivalent size in the quantity and quality of storage.

KITCHEN

Leaving home doesn't mean leaving home cooking behind.

With polished countertops and gleaming stainless steel appliances, your Allegro Bus kitchen is beautiful to behold. But make no mistake. This galley is as smartly equipped as any upscale home kitchen, from its residential refrigerator with ice and water dispenser in door to its double bowl sink with built-in soap dispenser. Come mealtime, a 2-burner induction cooktop and stainless steel convection microwave easily handle cooking tasks, while an optional dishwasher is on standby for clean-up duty. Solid surface countertops, always a valued feature in a motor home, provide spacious food prep space.

KITCHEN HELPERS

Handy Tiffin innovations are found throughout the galley. For more counter space, the Expand-an-island conveniently slides in place to lend assistance, as do solid surface sink covers. With Tiffin's Store-It-All Assurance™, utensils and ingredients always have a home. And, for organizing many items together, the multi-compartment StowAway™ drawer under the sink is just the place.

CULINARY COMFORTS

Tailgaters and grill masters will find the 2014 Allegro Bus caters to their culinary likings. To prep the stage, activate the automatic patio awning on the passenger side, and turn on the game on the optional exterior high-definition TV. Tables, chairs, and the all-important grill are easily retrieved from under coach storage, while the convenience of an optional basement freezer ensures no one goes away hungry.

ONBOARD CONVENIENCES

Go beyond the comforts of home and enjoy extras that simplify daily life on the open road. Clean your entire coach in record time, courtesy of a central vacuum system with VacPan that effortlessly eliminates dirt or pet hair. Add an onboard washer/dryer and you can mark the laundromat off your to-do list, too.

BEDROOM / BATH

The absolute perfect ending to every day.

One of the comforts of home you definitely want to bring with you is a good night's sleep. Rest assured, your master bedroom has it covered, from the relaxing ambiance of the décor to the star of the show — your bed. Prepare to be pampered with mattress options, all of luxury hotel quality. A pillowtop queen is standard, with optional king. For more back stability, opt for Memory Foam, or for customizable support, consider the Dual Control Air Comfort option. Peace and quiet are assured, with one-touch power privacy shades, dual-pane insulated windows, and thick multi-layered fiberglass walls and ceilings.

RELAXING EXTRAS

You'll appreciate the little touches that Tiffin adds for your comfort, like the overhead ceiling fan, the option of heated floors, or the array of storage compartments, cabinets, and nightstands around the bed. Tiffin's residential-style Extraordinaire™ AC system keeps temperatures agreeable with its unique air cycling. The bedroom even doubles as a second entertainment center, with a wall-mounted high-definition TV and satellite receiver.

BATH-AND-A-HALF

A popular floor plan is our bath-and-a-half option, which gives you a midsection lavatory for guests while reserving the full residential-style bath in the bedroom for your private quarters. Here, you'll enjoy an elliptical stone shower enclosed by a raindrop shower door. Medicine cabinets, mirrors, and towel racks are strategically placed to offer more storage, while recessed LED lighting and a shower skylight allow you to control illumination.

We build our coaches to the highest standards: Yours.

Tiffin Motorhomes never set out to become the largest Class A manufacturer in the country. Our goal was to build the kind of motor home that we — a family who loves the RV lifestyle — would want to own, a coach with advanced engineering, the most durable parts, the finest materials. A motor home that makes each and every road trip feel like a vacation — relaxed and fun.

From the start, we consulted the experts, the people who put motor homes to the test — our kindred spirits, fellow RV owners. Today, more than four decades later, this ongoing collaboration is at the heart of our success.

Listening to what our customers want is the reason Tiffin leads the industry in innovations. Offers more floor plans than anyone else. More storage. The industry's best warranty. It's why RV dealers consistently give us their highest rankings for quality, design, reliability, and value. It's why, among more than 50 Class A models on the market, our coaches are consistently among the top sellers. And it's why we've earned the highest owner loyalty rating in the industry.

Any motor home can get you from here to there. The feeling you get as you enjoy every carefree mile in between is why you buy a Tiffin.

MADE TO MOVE YOU.
